

Philly Player Wins New York B Pyramid Tournament

ACE TOUR HANDBALL PHOTO GALLERY

After a surprise semi-finals appearance in the Oct 6 2002 B Pyramid, Wally A. steps up to the plate to take the season opener. Wally A. defeated John N. in a gutsy finals match with John choking on 2 set-up shots. On serve, Wally kept it simple, hard overhand deep serves down the middle taking away the angles from John, forcing him to return the ball down the middle.

Wally was picking of the corners hitting and missing but mostly hitting. A couple of questionable calls tightened the game up

for both players but Wally held strong to take the win. Wally is the first out of state player to ever win a B Pyramid in New York City. Wally defeated John N., Sean P., Snuka and James R., (Supa James) to earn his victory. John defeated Mellow, Christian U. and Angel T., to get thru to the finals. This was John's first singles finals appearance since winning the Big Blue Championships B Division back in 2000.

With this win, Wally moves into the number 2 spot on the pro am rankings, just 20 points behind current number 1 Jaime Rivera. Knocking Eddie Crespo down to number 3. We congratulate Wally for his great competitive play in winning this event.

Ranking Update

Mellow Serve

John N. jumps into the number 4 spot with 214 points, just 7 points behind Eddie Crespo. Glad to see Sean P. back in action and earning 123 points and the number 6 spot in the rankings after dropping to number 16. Mellow pops in earning 99 points and the number 7 spot with very good play on Sunday. I think if he had sneakers on he might have defeated John, but hey guess we will never know. Milton drops to the number 8 spot after getting upset by Snuka in the 2nd round. Snuka earned 60 points and the number 9 ranking spot.

Rounding out the top 16 is Carlos F. at number 10, Chris I. at number 11, Pauly at number 12, James R. at number 13, Angel T. at number 14, Christian at number 15 and Luchio at number 16.

A few no shows might have made a difference in the outcome of this event. #1 ranked Jaime Rivera could have put a lock on the #1 spot with a win here. Pauly, Phat Kat, Dennis, Jay, and Larry did not play we hope to see them back in singles action in a few weeks.
